## Lake County Fair Will Open Next Thursday At Wauconda Grounds

**Premium List Offers \$6552 Prizes; Entertainment to Be Good**

With premiums totaling \$6,552.75 as the attraction for exhibitors, and plenty of entertainment including a horse show, a fireworks display and a midway of rides and concessions, the annual Lake County Fair will open next Thursday, July 28, for a four-day exhibit at the Wauconda Grade School grounds.

Adding to the main event will be the annual 4-H Club show which will not only provide competitive exhibits in live stock and poultry among the boys and girls but will also provide entries for the open classes.

Judging will start on Thursday in the home economics department, poultry, and hobby show. Art and flowers also will be judged late in the day.

Entertainment from the platform will be provided that evening by 4-H clubs which were outstanding in the Share-the-Fun contest. Four-H exhibits will be judged during the day.

**Fireworks at Night**  
Judging of dairy cattle and goats (continued on page 12)

## Three Drowned Over Week-end in County

The Antioch Rescue squad worked in vain to revive Stephen Schaeffer, 2, son of Mr. and Mrs. Donald Schaeffer, 1032 Randolph st., Oak Park, after he toppled from a row-boat into the waters of Fox Lake Sunday afternoon.

The boy fell from the rear seat of the boat rowed by his father near the north end of the lake.

Both the father and the mother dived into the water to rescue the boy, but couldn't find him. After about 10 minutes he was pulled from the water by an unidentified man.

The body was taken to the Strang Funeral home and later taken to Oak Park for burial.

Two others were drowned in Lake County over the weekend. Anne Tischler, 11, daughter of a Fox Lake dentist, Dr. Joseph Tischler and wife, drowned Saturday evening while swimming in Fox Lake at the shore of the family's newly purchased home at East Shore Gardens.

The body was found in about 5 feet of water by a neighbor, Lee Rocklein, after she was missed by other members of a swimming party which included her sisters.

Edward Ralston, 23, of 1408 Larabee st., Chicago, drowned Sunday while swimming at Hastings lake near Millburn. He was at Camp Cutten with friends who thought he was joking when he called that he was in trouble. Then he went under for a long period. The Antioch Rescue squad recovered the body.

Ralston was the son of Mrs. Helen Ralston, 1036 Keeler ave., Oak Lawn. He worked in a plastics products manufacturing company as an engraver.

## Patsy Salesman Again Winner at Mooseheart With Holstein Heifer

Patsy Salesman Wauconda, formerly of Hickory Corners, Antioch, won a first place with her Holstein heifer in the senior division of the 4-H Black and White show at Mooseheart Saturday. The animal won the junior championship last week at the Black and White show at Gages Lake.

Linda Cording of Beach rd. was another exhibitor as was Robert Hunter of the Ravenslen farm. His animals placed third and fifth in the junior get-of-sire class. Mooseheart's Pride Supreme won the grand championship.

Elmwood Farms' yearling bull, Skokie G. Creation Coronet which won first at Gages Lake, won fourth in the junior class in this larger competition. In the senior heifer class Elmwood Farms placed second and third, Ravenslen Farms sixth, and Patsy Salesman, eighth.

**New Grande Proprietor**  
Joseph Levasaur has taken over the proprietorship of the Grande Cleaners on Main st. in Antioch. The cleaning establishment was formerly operated by Thelma Anderson for Mr. Kern.

Levasaur for a number of years was associated with Parker Cleaners at Lake Forest. He and Mrs. Levasaur reside at Fox Lake. The cleaning plant of Grande is situated at Libertyville.

## Lake Villa Approves \$55,000 Bond Issue For Sewage System

**Vote on Second Issue Was 147 to 38, Improvement to Cost \$165,000**

Lake Villa residents Tuesday voted 147 to 38 their approval of a general obligation bond issue of \$55,000 to help pay the cost of a \$165,000 sewage disposal system.

A bond issue of \$64,000 voted in 1948, already substantially reduced through payments, was insufficient at that time to construct the system, but the two issues with revenue bonds will be enough to finance the job.

Architects have submitted to the State Sanitary Water Board plans and specifications for sewers and a sewage disposal system which have been approved. The next step will be to sell the bonds, and seek bids for construction of the sewage plant. The plant will be situated west of the village.

Efforts of Lake Villa to obtain a modern sewer system, dates back to 1947 when neighboring Deep Lake complained to the state that sewage was polluting that lake and made swimming hazardous. A court injunction to make Lake Villa stop the pollution was sustained, but as the village did not have the bonding power to correct the trouble and the state would not permit the outlet of the sewer to be changed, the penalty of the injunction was never put into effect.

**Round Lake Lays Sewers**  
Another Lake County village achieving the same results is Round Lake. Construction of a \$163,088 system of sewer mains with lift pump to connect with the Round Lake Sanitary System's plant at Cedar and Rehehan rds, was started Wednesday by the Inland Lakes Water and Sewer Co. and Long Lake, which was polluted by Round Lake will soon be relieved of the pollution.

## Dairy Farmers to Get Higher Prices for Milk Covering Month of June

Chicago—Dairy farmers will receive \$3.42 a hundred for base milk delivered to the Chicago market during the month of June. All milk that was delivered in addition to base milk will get an "excess" price of \$3.02. These prices are for 3.5 per cent butter fat milk delivered in the 70-mile zone.

The milk prices were announced by the Federal Milk Market Administrator's Office in Chicago today.

The June prices are six cents above May of this year and 24 cents above June of 1954.

In June, 1954, producers received a "blend" price of \$3.06 for all of their milk delivered in the 70-mile zone. If a blend price had been paid in June, 1955, it would have been \$3.30. This is the second successive month that the market has experienced an increase during the spring flush in several years.

Outlook for the rest of the year indicates this increase over the same months of last year will continue. This outlook is based on expected lower total production and continued larger sales of fluid milk and cream.

Harry Edwards, Pure Milk Association marketing department head, says the chief reason for the gain in June were lower total production, larger fluid milk and cream sales compared to a year earlier. During June, production on the Chicago market was down 7 per cent from last year or 32 million pounds. June was the eighth successive month that total producer deliveries to the Chicago market were less than the corresponding month of the previous year. 1955 production reached its peak during May and came almost a week earlier in that month than a year before.

## Harry B. Lubeno, 68, Lifelong Resident of Trevor Buried Today

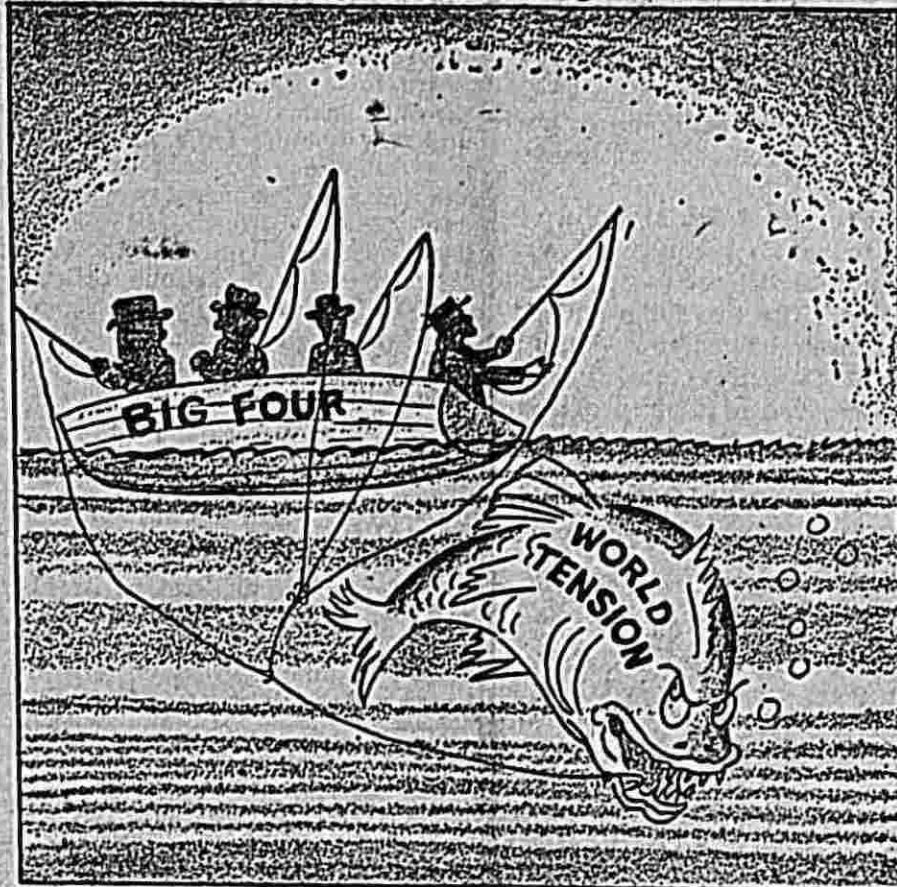

Harry B. Lubeno, 68, Trevor, Wis., died at 6:25 p. m. Monday in Kenosha hospital where he had been a patient two weeks.

Mr. Lubeno was born Feb. 13, 1887 in Trevor, and was a life long resident of that community. He was a member of the Wilmet Masonic Lodge No. 241 and Eastern Star Chapter 204, Wilmet, Wis.

Surviving are the widow, Minnie, and son, Floyd, of Trevor; two sisters, Mrs. Mildred Barber of Silver Lake, Wis., and Mrs. Vera Dixon, Burlington, Wis.

Funeral services were held at 2 p. m. (CST) today at the Strang Funeral home in Antioch with the Rev. Howard Benson, Antioch Methodist church officiating. Burial was in Liberty cemetery.

## If They All Pull Together

## Solemn Ceremony at St. Peter's Church Sunday Will Kick-off Drive For Convent

## Little League District Tourney Starts Friday On Antioch's Diamond

First sub-district game of Little League All Star tournament will be played on Antioch's new diamond in the Village park on Friday evening at 6:30 p. m. Wauconda will furnish the opposition for the locals.

Other teams included in the sub-district are Mundelein, Island Lake, and Grant township.

The tourney is of the elimination type, with only the winners being allowed to compete. Winner of the Wauconda-Antioch game will meet the winner of other sub-district games on Sunday, July 24. The Sunday game will be played at the home fields of the first round winners, thus the game Sunday will be played either at Antioch or Wauconda, according to who is victorious Friday evening.

**All-Star Team Named**  
Each year an All-Star team is picked from the individual leagues, and the choice for the Antioch Little League was made by officials from the six teams of the Antioch league.

Players on the All-Star team number William Wolfenbarger, Elmer Eberman, Richard Thompson, Paul Kadlec, Sigurd Nielsen, George Sterbenz, James Lucas, and Virden White, all of Antioch. Other members of the All-Stars are from Lake Villa and are as follows: Ronald Ambrose, Richard Mahoney, Gerald Christ, Roger Halek, Robert Moran, and Terry Dewar.

## Antioch Woman Dies In Traffic Accident West of Mundelein

Mrs. Mae Nelson of Beach Grove rd south of this village, was killed Sunday night when her north bound car crossed over into the southbound lane on Rte. 59 south of Rte. 176 and crashed head-on into another auto.

Mrs. Catherine Maurer, 43, Cherokee rd., Wilmette, wife of the driver of the other car, George Maurer, 48, died Tuesday morning at Condell Memorial hospital, where they and their two sons were taken following the accident.

Mr. Maurer suffered a broken leg and severe cuts and bruises; George Maurer, Jr., was badly bruised; and Robert Maurer, 10, suffered fractures of both legs.

Edwin Latham, 55, Chicago, passenger in the Nelson car, suffered undetermined injuries.

The scene of the accident which occurred about 10 p. m. is west of Mundelein. Sheriff's deputies Herman Larsen and James Repp said the reason for Mrs. Nelson's driving in the wrong lane is not known.

The deaths of the two women raised to 33 the number of fatal traffic accidents in Lake County.

## Fire at Cording Home

Fire did an estimated \$100 damage to the Walter Cording home on Beach Grove rd. at midnight Sunday. Chief Edgar Simonsen said that defective wiring in a partition probably caused the blaze which burned a hole in the floor opening to the basement. The Cordings recently moved to Beach Grove rd. from Depot st.

Reverend A. J. Henderson pastor of St. Peter's Catholic Parish in Antioch has announced that on Sunday afternoon July 25 at 2 p. m. solemn ceremonies will mark the opening of a Building Fund Campaign for a minimum of \$125,000, to help defray the cost of construction of a new convent for the Sisters and the expansion of the school facilities by three classrooms.

Right Reverend Msgr. Joseph Garrity, past of St. Anastasia Church in Waukegan, will address the Volunteers. The Rosary, Benediction of the Most Blessed Sacrament, and Individual Blessing of the men will complete the service.

Immediately after the Blessing of the Volunteers, working in pairs, will visit every family in the parish and offer them the opportunity to participate in the campaign by pledges, that may be paid over as long as a three year period.

Father Henderson extended an invitation to everyone to attend the ceremony and stated, "At present the convent is located in our school building. It is a temporary arrangement at best and too small to accommodate the number of Sisters needed for our growing school. The construction of the new convent will permit the conversion of the space now occupied by the Sisters to additional classrooms, thereby permitting the increase of 50 per cent in our school space. We have about 380 pupils registered to begin the new year and more are applying for entry every day."

"Over 130 men have answered the call for Volunteers and their enthusiasm speaks well for the outcome of our Campaign."

Plans drawn up by Belli and Belli architects of Chicago show the new convent which will accommodate up to 14 sisters and will provide an adequate home for them. It will be erected on the church property adjoining the school building and will be styled to harmonize with the existing parish buildings.

Father Henderson is well pleased with the comments he has received from the townspeople who feel that the increased school capacity will help ease considerably the burden on the taxpayers.

Mr. William Bosworth and Mr. Lester Hamlin head the committee as co-chairmen Mr. Bernard Naber and Mr. Edmund Vos as trustees and Mr. Robert Berg as audit chairman.

(continued on page 7)

## Wilbert Boulden, 79, Dies in Arizona

Wilbert Boulden, 79, Mesa, Ariz., died Thursday, July 14, following a lingering illness. He was born October 31, 1875 at Wilmet, Wis. He made his home in Wilmet for ten years and for the past 40 years had lived at Phoenix, Ariz. He was a retired icehouse foreman.

Survivors are a son, Winchell of Mesa, four sisters, Mrs. Della Mathews of Antioch, Mrs. Mary Ganzlin of Wilmet, Mrs. Etta Mayse of Tampa, Fla., and Mrs. Sarah Valentine of Lead, S. D., a brother, Edward Boulden of Chicago, and five grandchildren. His wife, Amelia, and a son Wesley, preceded him in death.

Funeral services were held Tuesday at the Strang funeral home. Interment was in Wilmet cemetery.

## Antioch 3, Barrington 6

The American Legion Junior baseball team lost to Barrington three Monday 6 to 3. Antioch was leading 3 to 1 when the Barrington team exploded with a five-run inning. The Sequoits will play at Mundelein this evening, the game having been moved forward from Friday.

## New Sales Tax Imposed by Village Expected To Produce Approximately \$40,000 Annually

## Annual Appropriation For Village Increased By \$50,000 for 1956

**Cost of Doing Business in Antioch Estimated at \$126,374.00**

Cost of doing business in the Village of Antioch for the year 1956 will be \$126,374.00 according to the tentative annual appropriation ordinance, which is on file at the village hall. This amount represents an increase of approximately \$50,000 above last year's figures.

Main items which account for the increase are an increase in the appropriation for Police department, Street department and a new item in the form of a \$20,000 appropriation for off-street parking.

The police department appropriation for this year was \$9550, as against 14,050 for next year; the fire department appropriation for the current year was \$4,000, the figure for 1956 has been set at \$5950. Street department cost set for this year was \$14,750, while the new appropriation has been set at \$24,000, an increase of almost \$10,000 for street improvement. Only other major change in estimated costs is the figure for off-street parking.

It is believed that the additional amount of the appropriation will not increase local taxes to any appreciable extent, since the major part of the extra money needed will be provided by the one-half per cent sales tax to be imposed by the village, under the new state law.

## Dr. Thain Replaces Dr. I. L. Breakstone At Antioch's Clinic

Dr. Alan L. Thain, son of Mr. and Mrs. Lyman Thain of Millburn will become a member of the Antioch Clinic.

He replaces Dr. Irving L. Breakstone who will join the staff of the Chicago State hospital (Dunning) to take up the study of psychiatry. Dr. Breakstone has been a general practitioner and surgeon in Antioch for a number of years and has given fine service to the Antioch community.

Dr. Thain will be associated with Dr. J. W. Kopriva in the clinic. He is a graduate of Antioch Township High school of the class of 1945. He graduated from the University of Illinois and the University of Illinois College of Medicine. His internship was at Indianapolis Ind.

During the past two years he served in the United States Air Force as a captain and was stationed in England. His services completed last week he is now ready to take up his life work in the practice of medicine.

Dr. Thain has a wife and two-month old child. Mrs. Thain was the former Sophie Lazaraton of Lake Villa Ind.

## Town, Country Shop To Have Grand Opening Friday and Saturday

The Lake County Town and Country Shop on Main st. will have its grand opening tomorrow and Saturday.

Opened to the public three weeks ago, the new men and women's clothing and shoe store now is ready to exhibit its complete line of wares and is inviting the whole Antioch area to come in and inspect the stock.

The shop is owned by Ed and Connie Shepnek of Grayslake who have stores there. They are building a new home west of Lake Villa to be of equal distance to their stores.

Serving as manager of the Antioch store this summer is Charles Riden, Grayslake High School teacher, who is assisted by Newell Kissinger, the Grayslake band director. Also on the clerical staff are Mrs. Edna Lemke, Antioch, in charge of the women's department, and Mrs. Charlotte Strigow, Grayslake, and Miss Sue Wolfenbarger, Antioch.

Those who visit the store Friday and Saturday will register for free merchandise. Perfume will be given to the ladies and stretch sox to the men.

The store is well lighted and is modern in every respect.

Rebekah lodge of Antioch will hold a progressive card party Saturday July 23 at 8 o'clock at the Channel Lake school.

## Ordinance Passed Monday Will Set Sales Tax at 3%

An ordinance, headed "Municipal Retailer's Occupational Tax" which appears on page 4 of this issue of the Antioch News is expected to provide somewhere in the neighborhood of \$40,000 additional funds for operation of the village. The Ordinance which is authorized by a new Illinois statute, Section 10-3 of the Revised Cities and Villages act, allows city and village governments to impose a one-half per cent sales tax on all retail sales made within the village limits.

In effect, the new ordinance will increase the state occupational tax from the present 2 1/2 per cent to 3 per cent. The businessmen who are liable for the tax will make payment directly to the state as in previous years, and the one-half per cent will be refunded to the village government by the state, minus a 6 per cent charge for collection of the money.

The amount of revenue to be derived has been variously estimated at from \$25,000 annually to \$50,000 annually, but a breakdown of the figures on past collections of the 2 per cent tax which has been in effect shows that Antioch Township as a whole made payments of \$202,860.93 in 1954. Figures for sales tax payments for the Village of Antioch are not available, but it is believed that approximately 80 per cent of the businesses making payments are located within the village. On the basis of the number of returns made this is carried out also.

An estimate of \$40,000 can be justified if 80 per cent of the total paid was for the village businesses, since the one-half per cent to be collected would amount to 20 per cent of the amount collected last year, or \$40,572.12.

**To Benefit Parking, Streets**  
Village President James McMillen said that the additional revenue would be used for much needed off-street parking facilities, more police protection and street improvements. Antioch has operated in the black for many years he said, but added that some source of extra revenue was imperative if Antioch was to continue to do so. The expected extra income is reflected in the proposed annual appropriation ordinance which is on file at the village hall in that more money has been appropriated for much needed improvement of streets police and off the street parking space. An item of \$20,000 has been earmarked for this purpose since.

## Walton and Walton Engaged to Serve as Architects for Pool

The Antioch Lions Club swimming pool committee moved one step forward toward construction of a swimming pool for Antioch community last week, when the firm of Walton and Walton, Evanston, was engaged to engineer and supervise construction of the pool.

The signing of the contract with the architectural firm took place at a meeting of the committee last Thursday evening, and other business transacted included adoption of by-laws for the corporation, which has been formed to construct and operate the pool.

The by-laws will be submitted to the Lions club at a meeting next Monday for approval of the club as a whole, after which a drive to sell bonds will be instituted.

## Miss Jeanette Marsh, 59, Dies After Brief Illness

Miss Jeanette Marsh, 59, Beach Grove road, Antioch, died July 18, at 11:55 at Lake County General hospital, Waukegan, after a month's illness. Miss Marsh was born May 1, 1896 in Chicago, afterward moving to Atlanta, Ga., in 1938. She came to Antioch in 1948.

Survivors are her mother, Mrs. Isabelle Marsh and a sister, Mrs. Margaret Aschenbrenner both of Antioch. Her father Fred Marsh, and a sister, Elizabeth Sterling preceded her in death.

Services were held Wednesday at the Strang funeral home with Mrs. Therese Lewis, Reader, Antioch Christian Science Society, officiating. Interment was in Oakwood cemetery.

Warren Polley today attended the Summer Business Education Conference at the Northwestern University campus in Evanston. The conference is sponsored jointly by the University and the Chicago Area Business Education Association. As president of the association Polley will preside over the afternoon session.

## Job for the States

The Chamber of Commerce of the United States finds that "states and local communities can better provide for their school needs than the federal government can."

The reason for that is that the Federal government has a back-breaking debt and is running in the red, while most of the states are well in the black. As of a comparatively recent date, the 48 states had \$15,250,000,000 in cash and security holdings against less than \$8,000,000,000 of outstanding debts.

It's high time that federal hand-outs to the states for schools or any other purpose were reduced—not increased. And it's beyond argument that federal fiscal problems will never be solved until there is a resurgence of the traditional American idea that local people and local government should take care of local needs.

## How It Happened

Dorothy Thompson recently listed the factors that have resulted in America's gigantic production and consumption in one king-sized sentence: "Great national resources, scientific ingenuity, managerial know-how that has concentrated on mass production at high wages and low profits per unit of production insuring a high level of mass purchasing power, an internal market of continental proportions, merchandising skills that constantly stimulate new demands and foster rapid turnover, high rewards for individuals possessing outstanding managerial capacities, and government policies aimed at keeping this dynamism operating in some sort of equilibrium between inflation and deflation."

The American factory, the American farm, and the American retail outlet have no superiors on earth.

## Gross Roots Opinion

BEAVER FALLS, PA., NEWS-TRIBUNE: "Gas is vital to the general well-being and we want at all times an assured and ample supply, at a fair price. We want no Federal regulation . . . that will hamper the development of additional gas supplies and its transmission to our local industrial and household users."

NEW HOLSTEIN, WIS., REPORTER: "During the conflict between Joseph Stalin and Leon Trotsky for control of the Communist machine in Russia in 1924, a blueprint of world conquest was drafted by the Stalinites. Stalin wrested control from Trotsky and later had him murdered. This blueprint of conquest, according to Dr. Fred Schwarz, the noted Australian

scholar on Communism, calls for the conquering of Asia first, then Africa, then Western Europe, the "to isolate, degenerate and, if necessary, devastate the United States."

\* \* \*

## The Low Down From Hickory Grove

Today we deal with the subject, "Summer." Everybody likes summer-time but each week-end on each holiday, we chalk up another 100 or 300 who have seen their very last summertime outing and trip—they will see and enjoy no more—they will be unravelled from the wreckage along the highway.

People are going farther and farther and resting less—also seeing less. As cars become able of greater speed, too many drivers deduct they gotta press down the limit. You clutter up the highway with a dozen or so such heavy-footed individuals—low on manners and courtesy—and the brakes will screech and next comes the ambulance.

Back during the war the tire folks and the oil folks told us over and over hat for economical and safe driving the speed should be below 60—tires last longer—gas mileage is better. The tire folks and oil folks would rather see you around tomorrow—buying gas and tires—than see you careening into disaster via abuse and today's reckless use of their products. Lunch clubs looking for a research problem can get themselves one—I donate one such—no strings attached. It is "How can we get GOOD MANNERS back in the saddle, on the highways?" And horse sense, see what has happened to that, too.

Yours with the low down,  
JO SERRA

## The Meaning of Conservation

Ask the next man you meet what conservation of natural resources implies and you'll probably get an answer like this: "It means keeping them as intact as possible for future use."

That, however, is but part of the story. Sound conservation is not accomplished by locking the door. It is accomplished by using the resource efficiently and wisely—and by encouraging men to find or develop additional resources to add to the supply.

Oil is a first-class example. In 1900 the nation produced only 60,000,000 barrels and our own known proved reserves amounted to 2,900,000,000 barrels. In 1954 we produced the huge total of 2,260,000,000 barrels—almost as much as those total reserves of half a century earlier. Yet, in that year, our known reserves were at a record level—29,560,000,000 barrels.

How did this happen? It wasn't a miracle—it was the result of human effort, courage, and scientific achievement. Men took the long risks involved in searching for oil. Many failed, but some succeeded. Great new fields were found—and thus an ever-increasing demand was met even as the reserves increased. In addition, oil producers and users learned how to get more service and more products out of each barrel, and how to eliminate waste.

The moral is plain. Incentive—the chance to succeed, to make a profit—is the creator of material progress. Oil has demonstrated that beyond argument.

## LAKE VILLA

Two services of worship are held each Sunday morning at the Community church—one at 8:30 and one at 11 a. m. Sunday school at 9:45 a. m. with classes for all age groups. Miss Carlene Ekdahl was flute soloist at last Sunday's service, adding much to the service.

Beginning on Sunday, July 24, Catholic services will be held at the school gym for the many people in this community who have been attending services at Antioch or Grayslake, and will be glad of this opportunity to worship close at home.

Mrs. R. D. Lewis and children of Atlantic Beach, Fla., came early this week to visit her parents, Mr. and Mrs. C. N. Dunbar at Petite Highlands. Mr. Lewis has been transferred from Florida to New York and will live in Connecticut as general manager of the Asphalt division for the Shell Oil Co. Mrs. Lewis and children will join him later.

Miss Nancy DeWaters, daughter of Mr. and Mrs. James DeWaters, of Venetian Village and Kenneth Buchta, son of Mr. and Mrs. Leo Buchta of Antioch were united in marriage in a double ring ceremony

at the Community church last Saturday evening in the presence of their immediate families. Beverly DeWaters, sister of the bride, and Bert Henry attended the couple and the Rev. Kenneth Plummer performed the ceremony. The church was pretty in its floral decoration, and a reception was held after the ceremony at the DeWaters home. The bride's older sister, Julie, who is Mrs. Robert Derschlag of Syracuse, New York, was able to be here and left Sunday evening for her home. The bridegroom is a construction worker and the newlyweds will live at Loon Lake. The bridegroom's family formerly lived here and he attended school here and at

Antioch, while the bride was a student at Grayslake High school.

Mr. and Mrs. J. O'Brien of St. Louis spent last week with their daughter, Mrs. Herbert Fischer on Petit eLake road, and when they returned to St. Louis, Mrs. Fischer

## MILLBURN

Regular services at Millburn Congregational church July 24 include Sunday School at 9:45 a. m. and church services at 11 a. m.

The twelfth annual Home Sunday will be held at Millburn church July 31 at 11 a. m. Dr. Clarence McCall, assistant superintendent of the Illinois Conference of Congregational Christian church in the Chicago area will preach the sermon at the 11 o'clock service, and stay for the pot luck dinner at noon.

Miss Suzanne Groves, daughter of Mr. and Mrs. Verlon Groves and James Beake, son of Mr. and Mrs. Charles Beake were married at Millburn church Saturday, July 16, at 4 o'clock p. m. The Rev. L. H. Messersmith officiated. A reception followed in the church dining room.

Mr. and Mrs. Vernon Stahnke and family spent Sunday with Mrs. Stahnke's parents, Mr. and Mrs. Leslie Bonner.

Mr. and Mrs. W. M. Bonner, Mr.

and Mrs. Gordon Bonner, Mr. and Mrs. Howard Bonner and family, Mr. and Mrs. Russell Doolittle and family, Mr. and Mrs. Roy Bonner and family enjoyed a picnic dinner at the James Bonner home in Kansasville, Wis.

Mrs. Don Truax entertained a few ladies at her home Friday afternoon in honor of Mrs. Carl Anderson's birthday.

Mrs. Milton Bauman and infant daughter Joan Elizabeth returned home from Condell Memorial hospital Sunday.

Miss Margaret Gilbert of Waukegan was a week-end guest at the Horace Culver home.

Miss Vivien Bonner of LaGrange spent a few days at the Russell Doolittle home and with other relatives.

The Study Group met at the home of Mrs. L. H. Messersmith Thursday morning July 14. A surprise birthday card shower for Mrs. Carl Anderson took place after the meeting.

Mrs. Clifford Weber and children of Winthrop Harbor were luncheon guests of her mother, Mrs. Frank

Hauser, Wednesday.

Mr. and Mrs. John Wilhelm and Mr. and Mrs. John Theis of Mundelein and Mr. and Mrs. Herbert Messner and son Herbie spent Tuesday at Lake Geneva.

Miss Carolyn Groves of St. Louis, Mich., is visiting for a few days at the home of Mr. and Mrs. Verlon Groves.

Mr. Benjamin Blink of Highland, Ind., visited his sister, Mrs. Jacob Kalut for a few days last week.

Mr. and Mrs. Thomas Mann and children of Waukegan called at the Mrs. Myrtle Savage home Saturday evening.

Mr. and Mrs. Walter Fountaine and Glen Clark drove to Stephenson, Mich., over the week end. Jimmy and Ned Hauser returned home with them after spending several days with their grandparents, Mr. and Mrs. Harley Clark.

Miss Margaret Gilbert of Waukegan spent Monday and Tuesday with Mrs. Carl Anderson.

Like "taking a vacation" every time you drive!

## Take CHRYSLER'S "100-Million-Dollar Ride!"

You'll thrill to all these great features when you take Chrysler's "100-Million-Dollar Ride!"

**Full-time Power Steering**, so much superior to the part-time booster units found in other cars, gives you unequalled maneuverability, ease of handling and full-time feel of the road!

**Fully-automatic PowerFlite transmission**, the smoothest and most powerful of all no-clutch drives, teams with Chrysler's great V-8 engines to provide swift, silent acceleration. New dash panel shift control!

**World's most powerful type V-8 engines**, FirePower and Spitfire, with horsepower up to 300. Here's an immense reservoir of power for every driving need from lightning traffic getaways to quick, safe passing on the straightaway!

**Extra-large, extra-safe Power Brakes**, with a double-width pedal for easier and safer braking with either foot, bring you to swift, sure stops in less time and with barely a toe's worth of effort!

It's a fact . . . every mile you drive in a new Chrysler is like "taking a vacation!" Chrysler's "100-Million-Dollar Ride" power features enable you to drive relaxed—arrive refreshed!

For example, Chrysler's Power Steering is *Full-time Power Steering*—with a *full-time feel of the road* at all speeds. And Chrysler's V-8 engines give you the greatest safety reserve power on the road today.

The combination of Chrysler's other "100-Million-Dollar Ride" features has earned for Chrysler a brand new title—"the world's easiest handling car."

Discover the big difference in big cars today. Your Chrysler Dealer will gladly arrange a "100-Million-Dollar Ride" for you. See or call him today about the 1955 Chrysler!

### College Trains Worker For Small Papers

A high school graduate from the Antioch area may have opportunity to train for community newspaper work in a new one-year course at Defiance College, Defiance, Ohio. The college has three linotype machines and presses to be used as "laboratory equipment" for the journalism class. Practice on the linotype will supplement training in news gathering and writing.

Students also will learn typewriting, accounting and oral and written English. One elective class will be included, such as shorthand, business mathematics or advertising.

An announcement from the college says that many weekly and small daily papers are short of help. The new course is being tailored to their needs, which are different from the metropolitan press. The student will be trained in business, editorial and mechanical departments—an all-round ability needed on the weekly paper.

Some publishers are helping high school graduates pay tuition, on condition they work for the home paper a year. If the student later decides to continue in college, all of the year's training will give credit toward a degree.

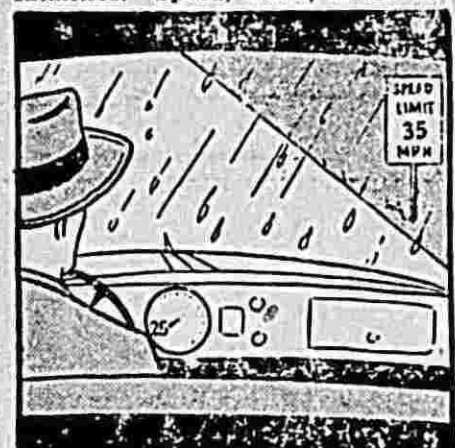

The president of Defiance College, Kevin McCann, is a former publisher of weekly papers in the Chicago area. He is now serving at the White House as an assistant to President Dwight D. Eisenhower. He believes that work on community newspapers should be encouraged as one of the best opportunities for useful employment.

### Tips on Traffic Safety

By  
**CHARLES F. CARPENTIER**  
Secretary of State

Every summer brings an annual urge to many of us to get away from familiar settings and to relax at some distant place. And when the time comes for those fortunate enough to get away for fun and relaxation, the natural tendency is to want to arrive at the chosen place as soon as possible and to stay as long as one can. Unfortunately, many vacation-goers take to "flying low" on the highways in their enthusiasm.

Speed is a serious factor in traffic fatalities. Speed, alone, is not a

ways the primary factor, but added to other highway difficulties it may turn a minor traffic accident into death. The real danger facing a motorist traveling at a high speed is not the increased frequency of accidents, but rather the increased severity of an accident.

Whenever speed limit signs are posted, you should not, of course, drive in excess of the limit. However, a motorist should not always travel as fast as the law allows. For instance, when driving in a residential district where the speed limit is 25 miles per hour, many times it will be safer to drive at a slower pace. Because a certain speed is permitted under conditions such as icy or wet pavement—will warrant that motorists keep their vehicles traveling at slower speeds.

A copy of the completely new "Rules of the Road" booklet will be sent to you free upon request. Write to CHARLES F. CARPENTIER, Secretary of State, Springfield, Illinois.

**An Appreciation**  
The members of Antioch Assembly, Order of the Rainbow for Girls, wish to thank Mr. Fred B. Swanson, for making it possible for them to attend Shriners in Chicago, and have dinner at the Edgewater Beach Hotel, Mr. Heath for securing a bus for the trip and the following who donated toward the expense of the bus:

### Older Drivers Pose Delicate Problem For Sec. Carpentier

Reprinted with permission of Chicago Tribune

By HAL FOUST

Springfield, Ill., May 28—The driver over 70 years of age is a special and delicate problem for Secretary of State Charles F. Carpentier. No one wants to admit that he is over the hill, too far gone to handle an automobile.

All over 70 are now being required to pass an examination for license renewal. Others over 70 are being summoned for a driver test as a result of a record for repeated traffic infraction or repeated accidents.

Still others are summoned for examination as the result of a request to the secretary of state from friends, neighbors, or close relatives of the aged driver who want to protect him from his own incompetent driving. These tipsters usually remain anonymous. Many of the anonymous tipsters are wives or husbands, or grown sons or daughters.

#### 65,880 in 11 Months

Since July 1 of last year, when a modern mechanical technician was installed in the secretary's office, there have been 65,880 examinations of these oldsters. Of these, 18,570 failed in their tests. Some of these failures corrected their faults and again are licensed drivers.

The most common cause for rejecting renewal applications are: vision, 5,769; Road signs comprehension, 3,050; traffic law knowledge, 2,305; Driving skill or ability, 5,424; and traffic violations, 1,351. Other causes are listed as committing a hazardous act, 715; accident during test, 38; and refusal to perform, 18.

Most of those who failed because of their eyes were able to get a license after buying a new pair of glasses. Some who couldn't identify signs said they had never given these traffic aids any attention. After studying the different signs, they were able to pass the test.

#### Some Show Anger

Some of the oldsters are cantankerous. They act as if their citizenship were being abridged or their virility challenged, according to the examiners.

"I don't see why I have to bother to learn these traffic laws," said a widow of more than three score and 10. "I've been driving a car for more than 40 years and I haven't broken a single traffic rule yet."

A 75 year old woman taking the test in Springfield drove 45 miles an hour with an examiner in the middle of a wide but busy street, running one red light and two stop signs. Then she became indignant when she was scored an incompetent. Her

point was she had not collided with any pedestrian or car.

#### Sideswipes 6 Cars

An octogenarian formerly living in Springfield boasted that he had never had an accident. His daughter however, said he had sideswiped six cars in a month. She was trying to get his license revoked. An investigation disclosed that he settled damage claims on the spot with a check and never reported his mishaps to the police or to his insurance company.

This 80 year old gentleman was having another trouble. Driving by himself, he would occasionally get lost and was too stubborn to admit his trouble by asking for directions. The examination disclosed that, aside from the probable senility, the old sport had lost so much of his vision that his whereabouts always appeared to him a bit fuzzy. The last thing he lost as a motorist was his license. This eliminated the strong possibility of a more tragic end to a long career behind the steering wheel.

#### Hard to Persuade

"It is difficult," said Bill Colvin, chief of Carpentier's driver license bureau, "to persuade an elderly person that he has driving faults which are hazardous, even after a series of accidents. A typical case was a 78 year old man living in a small town near U. S. 66 and operating several farms in the vicinity."

"This fellow had three accidents from driving on to U. S. 66 in front of fast traffic without obeying the stop signs. He insisted that other drivers were at fault in each instance because they were going to fast to avoid hitting him."

Carpentier emphasized that a majority of the oldsters examined passed their first test—44,438 out of a total of 65,880. Others were able to qualify for a full license, or a restricted license after their handicaps were called to their attention.

**For Everyone Eventually**  
"We do everything we can to prepare the elderly for their examinations," said the secretary. "If we are lucky, we'll all sometime have to take the recheck of our driving qualifications. We're fortunate if the examination prelates a bad accident owing to a creeping incompetence."

"Those who pass the test are as elated as if it were a reaffirmation of their youth. All should try it."

"This check up on driving skills should be as routine as examinations of our physical welfare. We'll all live longer if we accept both these practices."

**IN MEMORIAM**  
In loving memory of our husband and father, Raymond W. Clark, who passed away two years ago on July 23, 1953.

"Gone from sight but not from our hearts,  
We miss you, Dad."

### ORDINANCE MUNICIPAL RETAILER'S OCCU- PATION TAX

BE IT ORDAINED BY THE PRESIDENT AND BOARD OF TRUSTEES OF THE VILLAGE OF ANTIOCH, ILLINOIS:

**SECTION 1:** A tax is hereby imposed upon all persons engaged in the business of selling tangible personal property at retail in this village at the rate of one-half of one per cent of the gross receipts from such sales made in the course of such business while this ordinance is in effect, in accordance with the provisions of Sec. 23-111 of the Revised Cities and Villages Act.

**SECTION 2:** Every such person engaged in such business in the village shall file on or before the fifteenth day of each calendar month

the report to the State Department of Revenue required by Section Three of "An Act in Relation to a Tax upon Persons Engaged in the Business of Selling Tangible Personal Property to Purchasers for Use or Consumption approved June 28, 1933, as amended, and shall file a duplicate of such report with the village clerk.

**SECTION 3:** At the time such report is filed, there shall be paid to the State Department of Revenue the amount of tax hereby imposed on account of the receipts from sales of tangible personal property during the preceding month.

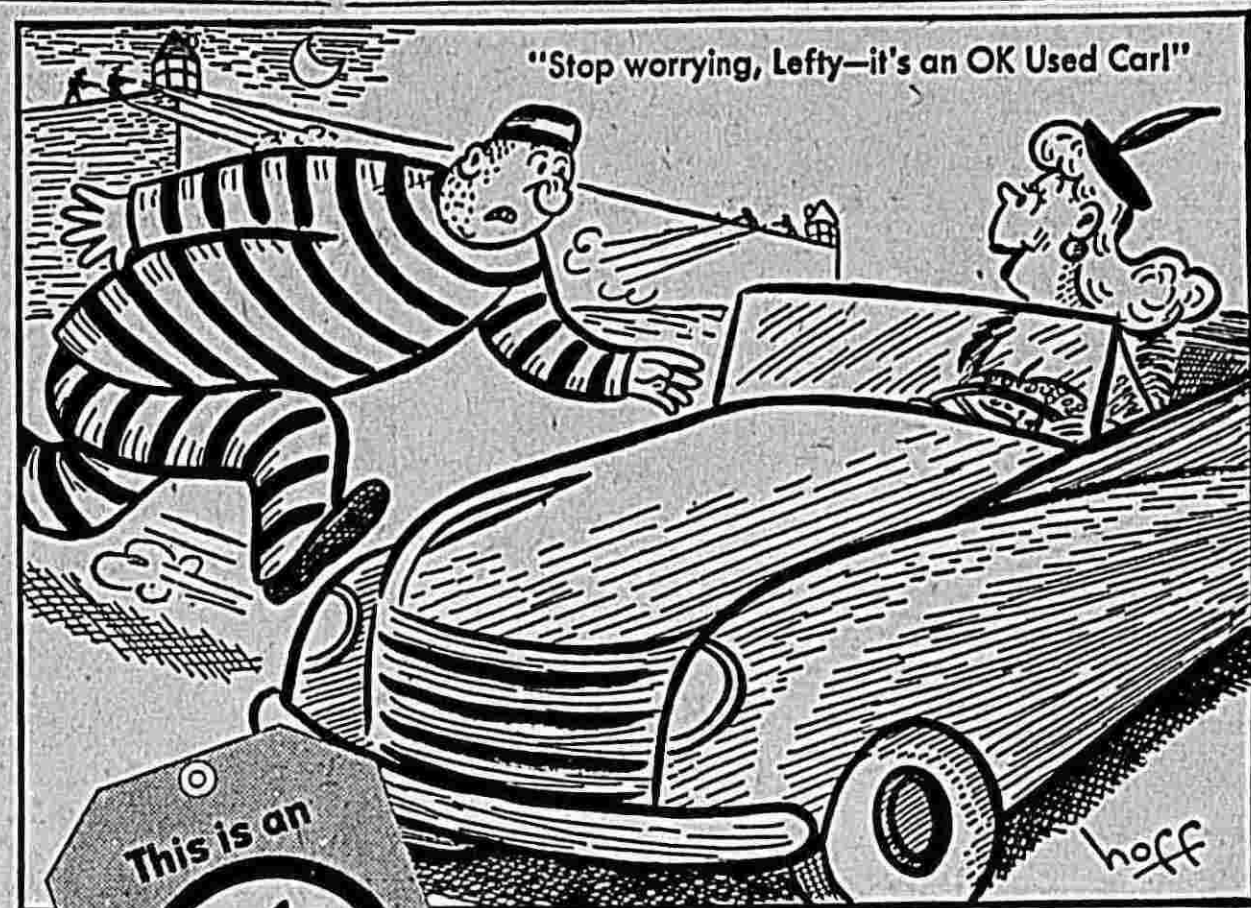

**SECTION 4:** The village clerk is hereby directed to transmit to the State Department of Revenue a certified copy of this ordinance not later than five (5) days after the

effective date of this ordinance. **SECTION 5:** This ordinance shall be published within ten (10) days of enactment as provided in Section 10-3 of the "Revised Cities and Villages Act" and shall be effective from and after the first day of the calendar month next following the expiration of the ten (10) day publication period.

(Signed) J. W. McMILLEN

## "How do you get her to cook in this weather?"

"Easy, I got her a new  
electric range!"

**Keep your kitchen  
10 degrees cooler  
with a new  
electric range!**

Recent impartial baking tests (made by independent engineers of the R. W. Hunt Company) prove that modern electric ranges keep your kitchen an average of 10 degrees cooler than the most modern flame type ranges.

\*\*\*  
New Share-The-Cost Installation Plan saves you important money. Own an electric range for as low as \$2.16 a week—installed!

**Al:** "Well, I know they're a lot cooler to cook on, but..."

**Bill:** "Man, that's not the half of it! Ann says our new electric's just as fast as any other kind. And it sure is cleaner. Haven't had to wash the kitchen walls once since we got it!"

**Al:** "Sounds kinda rich for my blood. What'd it set you back?"

**Bill:** "Not so much. We're paying it off a couple of bucks a week. Besides, they brought in 240-volt wiring when they put in the range. And boy, do we need it with all the appliances we've added. Hey, here comes the coffee!"

### New Low Insurance Rate for Car Owners Announced by S. F. M.

New low auto insurance rates start tomorrow for most Illinois policy-holders of one leading auto-insurance company. Car owners insured by State Farm Mutual Automobile Insurance Company, Bloomington, Ill., will save over \$770,000 yearly, compared with their previous rates, according to George J. Mazzuca, local agent for the company.

Biggest savings will go to pleasure cars with no male operator under age 25 and to older model cars, Mr. Mazzuca stated. Rates for liability coverage will now be figured by State Farm Mutual under a new four-group plan, based on age of male drivers and pleasure or business use of car. The age of female drivers does not affect State Farm rates.

A new "Step Down Plan" for comprehensive and collision insurance drops State Farm's rates twice for these insurance coverages, once when the car is two model years old and again when it is four model years old. Thus, the "Step Down Plan" cuts rates immediately for 1952 and 1953 models, and even more substantially for 1951 and older cars. Also, comprehensive rates are reduced for some 1954 and 1955 models.

For commercial vehicles, most comprehensive and collision rates are reduced, some substantially. Most liability rates on commercial vehicles remain the same.

Under the new liability rates, there are substantial reductions throughout the state for pleasure cars with no male operator under age 25. Rates are increased for family cars with no male operator under 25, and for business use cars. Where the male owner or male principal operator is under 25, the increase is substantial, except for husbands age 21-24 living with spouse.

Currently, more than 225,000 Illinois motorists are insured with State Farm Mutual, the report shows. Nation-wide, State Farm Mutual now insures more than 3,400,000 cars, and has led all other companies for 13 years in number of cars insured.

Liability is the coverage that protects motorists when they are legally liable for injury or damages caused to others. Comprehensive pays for loss of or damage to an insured car from almost any cause except collision or upset, while collision pays for collision or upset damage.

State Farm Mutual began business in Bloomington, Ill., in 1922. Today, the company and its life and fire insurance affiliates are represented in Illinois by more than 435 agents located throughout the state.

Unlike many insurance companies, State Farm Mutual figures its own rates independently. These rates are based on the accident records of State Farm policy-holders only and not from the accident experience of other insurance companies.

Mr. Mazzuca stated that the new low rates are designed to make sure that each car owner pays only the amount necessary to protect other car owners like himself, and are part of its plan to pass savings back to members in the form of low insurance rates.

State Farm Mutual is known as the "careful driver insurance company." Since it began business in 1922 it has specialized in insuring the average careful driver and avoided those known to be reckless and irresponsible.

Antioch, Illinois

By JACK SEIB and JOHN SHERBET

You would think that television would have decreased reading habits of our country. At the start of public televising, some educators expressed the idea that public libraries would pass out of existence; newspaper circulations would decrease, radio stations would go bankrupt, and generally speaking, TV would take over.

Perhaps TV has taken over but the results have just been opposite. Newspapers, small and large across the country have bigger circulations every year. More copies of books and magazines are reported sold. Radio manufacturers keep getting bigger.

Why should this be? Because of the inquisitiveness of the human mind. We see a baseball game on television and we want to double check all the facts by reading about it in the newspaper. A play is performed on TV and immediately the libraries and book stores are swamped with orders for the original book. TV makes us more conscious of outside affairs and we include more radio to find out about these affairs.

TV is not replacing but improving these other medias. And although we at COURTEOUS TV are servicing more TV sets, we are also servicing more radio equipment. Phone Antioch 144.

## Altar, Rosary Luncheon Planned for August 10

Wednesday afternoon, Aug. 10, has been chosen by Mrs. Francis H. Mitchell and her committee for the Altar and Rosary Society's Salad Bar Luncheon and card party at St. Peter's church, Antioch, Ill. Remembering last year's large crowd, the committee has been working since February, making plans to have sufficient seating capacity. The school hall will be used for the luncheon and cards will be played in the church hall. As this is one of the most important social functions of the year, every effort is being put forth to make it a success.

## Lake County Federation Makes Plans for Year

WAUKEGAN — Mrs. Clarence Spiering, president of the Antioch Woman's Club, was one of the presidents of the 18 member clubs and officers of the Lake County Federation who was a guest of Mrs. E. V. Lake, 1212 North Ave., recently where plans were made for the coming season.

Following the dessert luncheon, Mrs. Lake conducted the business meeting during which invitations from member clubs to entertain the Federation were given and accepted. On September 16 the Lake Zurich Community Woman's Club, Mrs. S. E. Brewer, president, will entertain; on Dec. 5, the Waukegan Woman's Club, Mrs. Evar Malcolm, president, will be hostesses.

The Zion Woman's club, Mrs. Glenn Reinier, president, has extended an invitation for March 6; and the Federation year will end April 3 at a meeting in Highland Park, Mrs. Marvin Wallach, president.

## MISS PEDERSEN HONORED GUEST AT SHOWER PARTY

Miss Alyce Pedersen was honored guest as a miscellaneous bridal shower, given by Mesdames William Herbert, Kenneth Hauer, Jos. Horton, Don Irving and Herbert Fischer at the Scout Home Sunday. Miss Pedersen will become the bride of Mr. Thomas Dunkin August 7. They plan to reside at Rochelle, Ill. Luncheon was served by the hostesses. Miss Pedersen received many beautiful and useful gifts from the group.

## MISS MARGARET E. MCCONNELL BECOMES BRIDE OF CPL. GEORGE A. SWENSON

Mr. and Mrs. L. A. McConnell of Carnegie, Pa., announce the marriage of their daughter, Margaret, to Cpl. George Allen Swenson, United States Marine Corps, Arlington, Va., son of Mr. and Mrs. F. A. Swenson of Antioch, on July 16 at the Navy Chapel, Arlington. Miss Nancy Swenson, sister of the bridegroom sang "The Lord's Prayer," and "O Promise Me." A reception was held following the ceremony at Darnell's Restaurant, Arlington.

Mr. and Mrs. A. L. Swenson, Nancy and Robert, Mr. and Mrs. Earl Swenson of Camp Lake, Mr. and Mrs. Paul Erickson, Avon Park, Fla., and Mr. and Mrs. R. H. Radke of Norfolk, Va., were among the guests.

## LAKESIDE COUNCIL GIRL SCOUT NEWS

Thirteen girls from Intermediate Troop No. 41 of Round Lake recently enjoyed a weekend camp-out at Big Foot State Park, Lake Geneva, Wis.

The girls were Carolyn Conyers, Barbara Danecke, Dollie Halla, Maryann Hansen, Elaine Haslop, Joan Janiszewski, Sandra Larson, Rita Listman, Agnes McEwen, Linda Peters, Karen Redding, Cathy Schmidt and Marilyn Schwartz.

They were chaperoned by four adults: Mr. and Mrs. Hallace Halla and son Bill, and Mr. and Mrs. Raymond Listman and son Ray. Mr. and Mrs. Chester Danecke helped provide transportation, and were also guests for the Sunday dinner.

The girls cooked all their meals out-of-doors, enjoyed hiking and swimming, and also learned some campcraft. A rainstorm served to teach them some of the ways of camping under adverse conditions.

They used camping equipment that had recently been purchased from the proceeds of a benefit movie, given by the Scouts in the Round Lake area last May at the Holiday theatre.

## Serves at Gas Office

Mrs. Linnea Peterson

Northern Illinois Gas Company customers in the lake region are reminded that the utilities office on Grand avenue in Lake Villa, which it formerly shared with the Public Service Company, is open six days a week for their convenience from 8:30 a. m. to 12 noon, and 1 p. m. to 5 p. m. In photo is Mrs. Linnea Peterson who recently became service office clerk in the gas utility's Lake Villa office. Northern Illinois Gas customers may transact business by telephone by calling the toll-free number, Enterprise 1441.

Mrs. Peterson is a resident of Richmond, and is well known in Antioch, as she is a grand lecturer in the Order of the Eastern Star and was instructress in the local chapter several years ago.

Mr. and Mrs. Alonzo Runyard spent several days last week at the home of their daughter, Mrs. Donald Mulk and family at Mauston, Wis.

E. Elmer Brook underwent surgery at the Milwaukee hospital Tuesday morning.

Mrs. Burt Anderson who underwent surgery at Victory Memorial hospital Monday, is much improved.

Mr. and Mrs. C. L. Heath and grandson, Donald, Jr., left today for Northlake, Ill., to visit their son, Donald and family. Donald, Jr., had been visiting his grandparents.

Mrs. Hufendick and son John and Mrs. Effie Nelson returned home Monday after spending several weeks in California. They were guests of Mrs. Hufendick's daughter, Mrs. Frank Dillon and family at Laguna Beach and of Mrs. John Thompson at Culver City, Los Angeles. After leaving California they stopped at Yellowstone Park before returning home.

## CHICAGO MOTOR CLUB GIVES DRIVING TIPS

Don't try to stretch your weekend trip. The Chicago Motor Club suggests you plan to return before last minute traffic clogs highways. Returning early will pay dividends by reducing the possibility of an accident and saving you from a care of "traffic nerves."

Scientific tests of automobile drivers will be demonstrated to the 400 leaders of Illinois 4-H clubs, at their annual meeting in Allerton Park, near the University of Illinois at Urbana, July 25-30.

The psycho-physical testing equipment of the Chicago Motor Club will be installed in the project tent. Leo Neuman, the Club's engineer in charge of the tests, will explain the use of the equipment and train 4-H members to man it during the week.

Interest displayed by the 4-H leaders will determine whether the testing program will be adopted as a 1955 project—statewide.

Six tests are made by the Motor Club equipment. They are:

1. Brake reaction.
2. Distance judgment.
3. Hand-eye-ear coordination.
4. Field of vision.
5. Visual activity.
6. Color vision.

Dr. E. I. Pinchard, on the staff of the University of Illinois Agricultural School, who is state director of the 4-H clubs, pointed out that taking these driver tests are voluntary on the part of each leader. He thought that the number who took the tests of their own free will could be used as an indicator of the interest among the rank and file 4-H members.

This will be the first time that rural youths have had an opportunity to take these tests although about 17,000 Chicago school boys and girls take them each year.

## BOLTON-McLEAN FAMILY REUNION HELD SUNDAY

Sixty persons attended the Bolton-McLean family reunion held at the home of Mr. and Mrs. Henry Rentner, Sunday. Dinner was served at 1 o'clock. J. K. Bolton, a guest, celebrated his birthday and was presented with a beautiful birthday cake. The afternoon was spent in visiting and playing horse shoes and badminton.

## RAINBOW GIRLS, BOARD ATTEND SHRINERAMA

Girls of the Order of Rainbow, their advisory board, and guests, totaling 57, report a "grand time" at the Shriners in Soldier Field last week. They were guests of Fred Swanson, Antioch, past potentate of Medinah Temple, Chicago, at dinner at the Edgewater Beach hotel and afterwards had reserved seats as his guests at the big Shriners spectacle in Soldier field. An estimated 90,000 persons saw the drills, and pageantry, and heard the singing of hundreds of choruses.

The two Shrine parades during the national convention last week were witnessed by one million persons. The crowds were second only to the ovation given General MacArthur.

**FIRST LEGISLATIVE REMAP IN 4 YEARS**  
... Governor William G. Stratton this week signed H.B. 1123, which sets up 59 Representative Districts and 58 Senate Districts in Illinois. This legislation, originally suggested by Gov. Stratton in his Inaugural Message in 1953, achieves the first

remapping of state legislative districts in more than half a century.

The above map was prepared by the Illinois Legislative Council. A similar presentation of legislative districts in Cook County is now being prepared.  
State of Illinois DDP

# Get your FORD now...

YOU GET...

- More car for your money!
- Top dollar for your present car!
- Top resale price when it comes time to sell!

Come in during our  
**SUMMER  
BANDWAGON  
Sell-a-bration**

# and SAVE 3 WAYS!

It's a fact! You can actually save money by buying your new Ford now during our Summer Bandwagon Sell-a-bration... now while we're giving top "Sell-a-bration" deals! You save 3 ways!

In the first place, you get the car that sells more because it's worth more. The '55 Ford features styling inspired by the Thunderbird... reassuring, quick-action Trigger-Torque "Go"... and a brand-new, smooth-new Angle Poised ride. There's nothing like it on the road.

Next, you get more money for your present car because we're out to chalk up new sales records and we want your business! Your present car will never be worth more in trade than right now!

In addition, you may expect an extra dividend later, when you sell your Ford. For years, Fords have returned a higher proportion of their original cost at resale than any other car in the low-price field. *Come in Today!*

### Wage-Hour Violations Found in 44% of Firms Doing Business in Ill.

Over 44 per cent of Illinois establishments investigated during the fiscal year ending June 30, 1955, have violated the minimum wage, overtime, or child labor provisions of the Fair Labor Standards Act and the Public Contracts Act. This was reported in Chicago by Thomas O'Malley, Regional Director of the U. S. Department of Labor's Wage and hour and Public Contracts Divisions.

In Illinois, the report shows that \$336,921 in back wages were found due to 4,485 employees. O'Malley pointed out that out of 2,104 investigations conducted throughout Illinois, 1,051 were in violation of the basic provisions of either or both Federal minimum wage and overtime pay laws.

An analysis of the 1955 report indicates that 780 Illinois firms had failed to pay proper overtime compensation; 98 employers violated the 75-cent minimum hourly wage requirement; 185 companies failed to comply with the child-labor provisions, and that 207 Illinois manufacturers violated the safety and health requirements of the Public Contracts Act. Illinois employers were also required to pay \$1,030 in liquidated damages for the illegal employment of minors working on government contracts.

O'Malley emphasized that most of the violations found were inadvertent or caused by honest misapplication of the two laws and the regulations set up under them. He said that most employers want to comply with the laws, and that 95 per cent of all violation cases are settled administratively.

Enforcement activities of the U. S. Department of Labor's Wage-Hour Division in Illinois are conducted from the Chicago Regional Office located in Room 1100, 105 West Adams Street, Chicago 3, Ill., telephone STate 2-9510.

### Arthur Leppen Re-elected President of Retarded Children's Ed. Society

Arthur Leppen was re-elected president of the Retarded Children's Educational Society of Lake County at a meeting held in the Fellowship House of the First Christian Church, Waukegan, on Thursday evening, July 14.

Other officers named for the coming year are Julius Hoppe, vice-president; James Kidwell, treasurer; Clifford Jurnu, financial secretary; and Frank Bunton, secretary, second term. Mrs. Albert Klass and Mrs. Fred Christensen were selected trustees.

Leppen reviewed the progress of the society since it began in July 1953. Among some of the recommendations he offered for the coming year were:

Establishment of a work shop in September for older children and possibly adults to be operated one evening a week.

Opening a school in Libertyville for children who are mentally retarded.

### Rep. Church Introduces Hoover Commission Bills

The "bill box" at the right of the Speaker's rostrum bulged to overflowing on July 13 when Representative Marguerite Stitt Church, (R), Illinois, dropped her load of 50 individual bills—a reported Congressional record for the introduction of legislation by any member during one Congressional day.

In a speech before the House, Mrs. Church hastened to indicate that these 50 individual pieces of legislation constituted the measures prepared so far to implement the recommendations of the Second Hoover Commission and urged that they be given prompt consideration by the appropriate committees of the House and in particular receive the close attention of every member of the House.

Mrs. Church stated that her interest arose not only from her well-known determination for a maximum of efficiency and economy in government but because, as a member for four years of the House Committee on Government Operations, she, herself, had taken a major interest in the recommendations of the First Hoover Commission as well as in other plans for legislative and executive reorganization.

When fellow members, in astonishment, questioned the number of the bills, Mrs. Church's only comment was that there would be more when ready. She intends to introduce the entire group of bills seeking to implement the recommendations of the Second Hoover Commission.

### Many Visitors, Much Traffic

An especially large number of vacationers are in Antioch this week. Not in many years has the number been as great as this summer. These visitors in addition to the through traffic occasioned by the closing of Rte. 45 in Wisconsin causes a steady stream of cars on Main st. Chief of police Walter Scott directed traffic last night halting it so people could cross the street.

### WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

There's something about Iowa atmosphere and traditions that prompts its folks to stand up and be counted with no double talk.

Latest evidence of this fact is the action the W. A. Sheaffer Pen Company of Iowa, in hiring not one, but three leading detective agencies to learn how discount houses are getting their merchandise to sell below Fair Trade prices.

This story almost ranks with the man who bit the dog, because in 1953 discount houses sold approximately \$125,000 worth of Sheaffer products.

Yet the old, established Iowa company whose policies have built a dealership corps of 38,000, is willing to spend far more money to stop bootlegging of their products.

Here is the issue.

Most manufacturers, even when their brands are not Fair Traded establish fair retail prices. In some appliance lines franchises are revoked for selling below these prices.

The reason is simple. Regardless of quality controls exercised in any factory, there is bound to be defects in a certain percentage of the gross output. Manufacturers depend upon dealers to take care of any defective merchandise. Therefore, a retail price is set which returns the dealer a fair profit and reimburse him for the cost of any service he must extend.

But all over the nation discount houses keep springing up, selling standard brands at a discount. The buyers are given no

protection, no service, and often not even true representation of the model they are buying. In addition, discount houses often pitch their tent, disrupt the market, then steal away, leaving the public holding the bag.

When established dealers are hurt by this unfair competition, many manufacturers verbally deplore the situation and fall back on a defense like this: "We don't sell them, and we don't know how they get our merchandise. We'd like to stop them, so if you hear how they are getting it, you let us know and we'll try and do something."

Some manufacturers following this double talk practice have been accused of violating anti-trust laws, so no doubt they have been well tutored in the art of lip service by the government officials who should have proceeded against them.

But out in Iowa folks don't put much store in double talk.

So the W. A. Sheaffer Pen Company not only takes the stand that it wants to protect legitimate dealers and the public, it is going even further and spending substantial sums of money to investigate and obtain the evidence needed to stop unfair practices with their brand, even though it will mean a loss of volume to them.

Naturally, some of the "wise guys" who are engaged in carrying water on both shoulders will try to depreciate the Sheaffer action as a publicity build up to impress dealers.

But there are still many people who subscribe to the old tenet, "By their deeds shall ye know them." And the Sheaffer people have done far more than sympathetic tongue-clucking. They have adopted traditional American policy of taking action.

## No wonder this Hardtop is the HIT OF THE YEAR!

## IT'S 4-DOOR HANDY

—and priced for action!

This one you'll just have to see.

It's a beauty. It's a brand-new kind of car. It's a Buick Riviera with four doors. And to top it all—it's a SPECIAL—the lowest-priced of all Buick Series.

Know what that means?

It means you can have the newest hit in hardtops—the most advanced new body design yet—and you can have it in the price range of America's smaller cars.

It means you can have a steel-roofed car with the long, low, sweeping sportiness of a convertible—with no center posts in the side window areas—and with two separate doors to the rear.

And you can have all this hardtop

beauty with sedan comfort and convenience at the easy-to-take modest extra cost of a 4-door model over a 2-door model.

But if you think that's all—listen:

This gleaming grace of automobile is a Buick through and through—a '55 Buick, from the hottest-selling line of Buicks in all history.

So here you have the soft, firm steadiness of Buick's all-coil-spring ride and torque-tube stability. Here you have Buick brown, Buick solidity, Buick handling ease, Buick styling and visibility and interior luxury.

And here you have the lift and life of vigorous new V8 power of record might—and coupled to the spectacular

performance of Buick's Variable Pitch Dynaflo.\*

Why wait a day longer—when you can come in right now and try the first true hardtop with the extra comfort, room and convenience of a full-sized 4-door sedan?

Drop in tomorrow, first thing—for a look at the price, and an idea of the whopping-big trade-in deal our huge sales volume permits us to make.

\*Variable Pitch Dynaflo is the only Dynaflo Buick build today. It is standard on ROADMASTER, optional at modest extra cost on other Series.

State of Illinois, County of Lake, ss.

Sworn to and subscribed before me this 18th day of July, 1955

Edward C. Jacobs, Notary Public

(SEAL) My commission expires March 23, 1956.

The press and are meets Penny Flame\* they impressed!

Q. Now, Miss Flame, who'd you say is sponsoring you?

A. NORTHERN ILLINOIS GAS COMPANY has chosen me as their new symbol.

Q. You're sort of a mascot then?

A. Heavens no! Much more important than that!

Q. Well, just what is your job?

A. To help lighten the housework of thousands of homemakers in Northern Illinois.

Q. Sure a little thing like you can handle such a big order?

A. Oh, yes! You see, I never tire or wear out. I guess you could call me a "steady flame".

Q. Just exactly what are your duties?

A. Oh, I heat water...cook meals...dry clothes...and all the other jobs that only Gas can do so well!

Q. Hold on! You must cost a pretty penny, Penny. Excuse me! I mean Miss Flame.

A. That's the surprise! Fact is, I'm happy to do all this work for less...much less!

Q. What sort of plans do you have for the future, ma'am?

A. From time to time I'd like to report on the very latest in modern living...the modern GAS appliance way.

Q. We've heard you're a pretty quiet sort. How about that? Sounds impossible for a woman!

A. Oh, but it's true, sir. I never make a sound when I'm at work. Wouldn't you enjoy a silent refrigerator in your house?

Q. How about that, fellas? I can hardly wait to tell my wife about quiet little Penny Flame.

A. Small but mighty, gentlemen!

That's for sure, Penny. And you can always count on the press for our vote of confidence!

## State Law Demands Teachers, Principals Have Annual X-rays

Teachers and other school employees will be required by law to have an annual chest X-Ray as a precautionary measure against the spread of tuberculosis in Illinois schools under the provisions of a bill recently passed by the Illinois Legislature, now awaiting approval by Governor William G. Stratton.

The measure will affect all school staff members employed in any capacity which brings them into direct contact with elementary and high school, college and university students. This includes teachers, superintendents, principals, directors, food servers, janitors, school bus drivers, nurses, doctors, others.

Effective January 1, 1956, the bill prohibits the employment in schools of persons suffering from tuberculosis in a communicable form and requires that certificates of physical fitness or X-ray results be submitted upon their employment. Sub-

sequent check-ups will be required every two years.

A joint resolution passed by the legislature stresses the need for all Illinois residents to have a chest X-ray every year and urges that everyone take advantage of the free mobile unit service.

Tuberculosis is far from being a disease of the past, as indicated by the 5,757 new cases and 1,052 deaths reported for Illinois in 1954. The first total marks an increase over that for 1953, when 4,470 new cases were recorded.

Both measures were endorsed by the Illinois Tuberculosis Association and the Lake County Tuberculosis Association, one of its 100 affiliated county organizations, as well as the Illinois Trudeau Society, composed throughout the state with a special interest in tuberculosis control.

## SALEM

Mrs. Agnes Morrow of Cassville, Wis., is spending some time with her sister Miss Olive Hope who has been ill the past few days.

Mr. and Mrs. Robert Patrick

called on Mrs. Milton Patrick at St. Catherine's hospital in Kenosha on Wednesday evening.

# Chevrolet's got a new honey of a hardtop

...with a lower-than-ever price tag!

Maybe you've had a yen for a hardtop but couldn't quite squeeze it into your budget. If so, this baby's for you! It's the hardtop as only Chevrolet builds it. Long, low and plenty saucy, like its convertible cousin. It's an honest-to-goodness hardtop, too—no center pillars when you roll down the windows. Nothing but fresh air and a picture-window view. Best of all, this big, beautiful "Two-Ten" Sport Coupe is priced right down with the two-door sedans in Chevrolet's field. It lists for less than any other leading hardtop sold today. Come in and see what a wallop bargain it is.

## Two Initiated by Women of Moose

Antioch Chapter No. 735, Women of the Moose, held their first meeting and initiation Thursday, July 7, under the guidance of the newly elected officers.

The new candidates were welcomed into the lodge, both being sponsored by Mrs. M. Wohlfell. They were Mrs. Anne Eggen and Mrs. Violet Hochleutner, Home Chapter.

The newly elected officers were responsible for the entertainment and the refreshments. Mrs. Frank Kennedy, Jr., Mrs. Leslie Palmer and Mrs. William Horton were speakers for the evening, on the subjects of Chapter Achievement and Women of the Moose Degrees.

## Indian Point Road To Be Taken Over By Ant. Township

Michigan Boulevard, on Indian Point road, at Grass Lake, will be taken over for future maintenance by the township, after certain improvements are made by local residents.

Dr. L. J. Jurek, president of the association, said that funds of the association to the amount of \$750 will be used to grade and generally improve the road, after which the township will assume maintenance of the road.

Dr. Jurek was unable to attend the annual meeting of the association held last Sunday, July 17, due to illness, and in his absence the meeting was presided over by Jack Doncer, a director of the association.

Road Commissioner James Runyard was present at the meeting to facilitate arrangements in assuming control of the road. Michigan Boulevard connects with Drexel Blvd. which is a blacktop township road. The section of road affected runs from Drexel to Lakeside Place on Indian Point.

## Lake County Fair

(continued from page 1)  
will take place on Friday and in the afternoon and evening there will be professional entertainment. There will also be amateur entertainment, a parade and as the grand climax of the day, a display of fireworks. Saturday's program will open with judging of beef cattle, hogs and sheep. The horse show with a large number of entries will start at 1 p. m. There is no attendance fee other than the general fair admission.

During the latter part of the afternoon there will be a parade of live stock winners and free entertainment. There will be fireworks again Saturday night. Sunday will be turned over to visiting the exhibits. The commercial exhibit will be large this year and the good season for grains, vegetables and fruits should make for fine displays and keen competition.

The free attractions call for three outstanding acts.

The Qualmans comprising mother, father son, and daughter will present a balancing and Roly-Poly act. Louis Tops with Micky, the wonder monkey will please the children, and the Skating Coles will present a fast and thrilling roller skating exhibition.

The fireworks this year will even exceed that of last year which drew wide attention. It will be something no youngster or oldster will want to miss.

**Hand-Loom Exhibits**  
One portion of the Lake County Fair is returning to its status of the original fair of 1851.

It is the hand-loom department which in 1851 was designated as "domestic manufacturer," but in 1855 was changed to "fancy work and embroidery."

Handweavers who organized a year ago at Grayslake will place their articles on display at the fair in Wauconda July 28, and will attempt to interest the public in the ancient craft.

## At the Hospitals

Surgical patients at Victory Memorial hospital during the past week were Martha Mitbauer, Antioch; William Collins and Betty Collins, Fox Lake Hills, Lake Villa; and Rose Kroepelin, Lake Villa.

Surgical patients at St. Theresa hospital during the past week were Leon Wrona, Lake Villa; Gail Jung, Antioch.

A son was born Monday to Mr. and Mrs. Albert Gall of Antioch at Victory Memorial hospital.

Harold Klevin of Antioch is a medical patient at Victory Memorial hospital, and Carl Meinersmann, Lake Villa, and Mrs. Florence Bond, Antioch, are medical patients at St. Theresa hospital, Waukegan.

## Aid Was Not Needed

When a kayak bearing some boys overturned in the north end of Lake Marie near what is known as the Point last evening, witnesses ashore thought they were in trouble and called the Antioch Rescue squad.

By the time the squad arrived the boys had managed to get to shore, and first aid was not needed. Where their boat overturned the water is 15 feet deep.

## Honored at Shower

Mrs. Fred Bjork was honored guest at a luncheon and stork shower at Smart's Country House, Wednesday.

day. Those present were Mesdames Fern Watson, Esther Wilton, Wanda Barthel, Margaret Gaston, Margaret Roof, Vera Nelson and Miss Betty Lu Williams. Mrs. Bjork received many lovely gifts from the group.

The Woman's Society of Christian service of the Methodist church will sponsor a rummage and bake sale at the Masonic hall Aug. 20 at 10 a. m. Donations will be appreciated for both rummage and bakery goods after 8 a. m. Aug. 20.

## PERSONAL

Heirs of Mrs. Esther F. Baldwin (deceased) formerly of No. 3 Addison Lane, Antioch, desire to close Estate. Creditors present evidence of indebtedness to Mrs. Muriel E. Fitch, Administratrix 1918 Winona St. Chicago 40, Ill. (1-2)

Don't turn your eyes away from the road to talk to passengers in your automobile. The Chicago Motor Club says glancing away from the road for just one second is like driving blind for 58 feet of road at 40 m. p. h. and 73 feet at 50 m. p. h.

When all is said and done, it must be admitted that the most thorough instruction is given in the school of experience.

## How About That?

Iced Tea, a U.S. invention, was discovered at the St. Louis World's Fair in 1904 by a tea merchant who added ice to hot tea on a sweltering day to oblige the fairgoers.

Since 1948, to assure customers of getting good iced tea every time, the National Restaurant Association endorsed a special formula which produces iced tea with that homemade flavor. Since then, iced tea sales to restaurants have increased 249%. Secret of formula: restaurateurs use 50% more tea for iced tea than for hot tea to allow for ice dilution!

As a special Valentine to its viewers, Channel Five will launch the first of the new Eddie Cantor Comedy Theater film series Monday, February 14, at 9:30 p.m. Cantor, one of America's best-loved entertainers, will top a brilliant cast of guest stars, song, dance and comedy performers.

Tall, personable Dick Noble, heard on Men Who Sing and other NBC Chicago radio and TV programs, originally planned to be a Latin teacher. After earning his Bachelor of Education degree at Illinois State Normal, Noble decided to take a brief vacation from Latin. He auditioned as a staff announcer, "just for the summer, and just for fun" at nearby station WJBC, Bloomington, Ill. That was 19 years ago. He's still facing microphones and TV cameras. Dick and his wife, Berl, had been students of Chinese as a hobby, for several years. When Dick joined the Navy, he was assigned as a translator on the "China Desk" in Washington, D. C., and later was sent to Shanghai as an intelligence officer. Except for his Navy duty, Dick has been a staff announcer at WMAQ since 1941. The Nobles are parents of three children and live in suburban Wheaton, Ill.

The biggest birthday present of his life came to Detroit legler Lee Jougard when he received the \$1,000 Robert Burns Award for rolling a perfect 300 game on WNBC's Tuesday Championship Bowling show recently. He finished the perfect game just one hour and a half before his birthday.

Talk about temperament! Imagine how perplexed a TV director gets when one of his visiting guest stars decides to perch on a light fixture 20 feet above the studio floor, just before airtime, or when another guest fails to show because he's gone into hibernation. These are typical of the problems facing cast and crew on Captain Hartz and His Pets every Sunday (NBC-TV, 11:00 a.m. CT). The "actor" who fell to the light bridge was a named talking crow. The missing guest was a muskrat who, despite the fact that he was a house pet, still followed his natural inclinations come cold weather. It's been found that the roof of the Merchandise Mart is an ideal place to exercise some of the larger animal guests. If the neighbors think it's strange to see a graffe sauntering around 19 floors above the ground, then they just don't understand TV. Ned Locke portrays Captain Hartz.

Q QUIPS: According to Everett Mitchell, veteran farm commentator heard on the National Farm and Home Hour, "Learning and then not acting on what you learn, is like plowing and never planting."
